

ALPHA TEST FORM

UNIVERSIDAD DE DAGUPAN

Arellano St., Dagupan City, Pangasinan

Group:	Date:
Members:	
Capstone/Project Title:	
Evaluator:	

Pre-Presentation Requirements

The following must be completed before students can proceed with their alpha test presentation:

- ☐ System Prototype is deployed and accessible (local server, staging, or hosted).
- ☐ Project Proposal/Documentation Draft (Problem statement, objectives, methodology).
- ☐ ERD/Database Schema is finalized and implemented.
- ☐ Basic Features (core functions of the system) are working.
- ☐ GitHub Repository is properly set up (public/private with access given to panel).
- ☐ README File includes installation/setup instructions.
- ☐ Project Folder Structure is organized.
- ☐ Coding Best Practices followed (PSR/Laravel/PHP standards, comments, naming).
- ☐ Version Control Best Practices (meaningful commits, branches if applicable).
- ☐ Initial Test Cases (basic user test done with screenshots/logs).
